The Future of T.E.C.H.

TECHNOLOGY • ENVIRONMENT • CULTURAL HERITAGE

INVITATION TO STUDENTS

Association for Preservation Technology International (APTI) Conference – October 9 through 14, 2023

The Association for Preservation Technology International (APTI), **Northwest Chapter** is looking to send up to five (5) students interested in preservation technology to the upcoming APT Conference to be held in Seattle, Washington. The conference will consist of two days of presentations and field sessions aligning with the conference theme of T.E.C.H – Technology (T), Environment (E), and Cultural Heritage (CH).

Students who are selected to attend will receive Conference Registration, 5 nights' accommodations at the Sheraton Grand Hotel (conference venue), and attendance at one field session. Additional opportunities include technical preservation workshops and symposium as well as great networking opportunities with professionals in the field of preservation. See the conference website for more information: [APT Seattle 2023](#) (or contact one of the APT Seattle Board Members – see the APT Northwest Chapter [website](#).)

Students interested in being considered for this opportunity are invited to submit the following information to admin@aptnw.org by **September 22nd, 2023**:

1. Cover Letter describing your background and interest in preservation.
2. Description of your current University/College and degree program as it relates to a preservation field.
3. What you would like to learn by attending this conference.

Please send no more than five (5) pages as a digital file (PDF) to admin@aptnw.org with the subject titled "APTI 2023 Student Scholarship." If you have any questions, please reach out to the email listed above. A short presentation about your conference experience and gained knowledge may be required.
